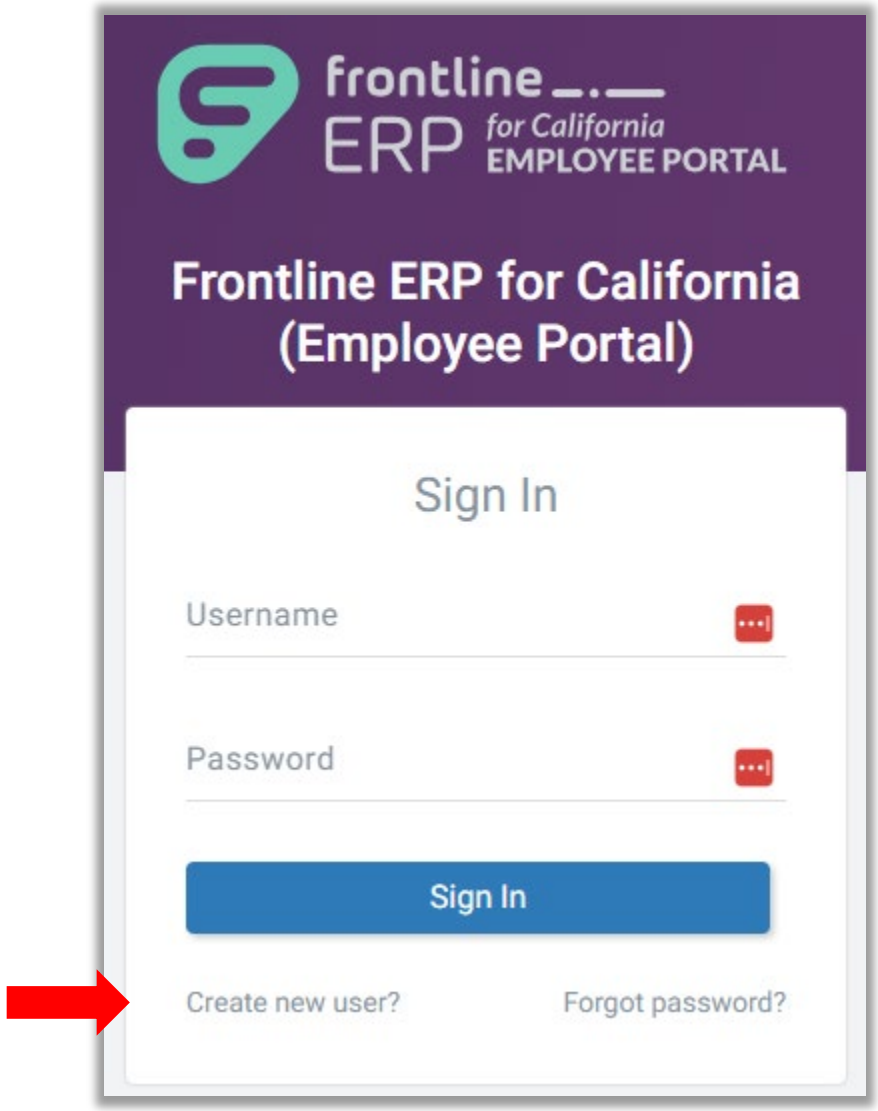
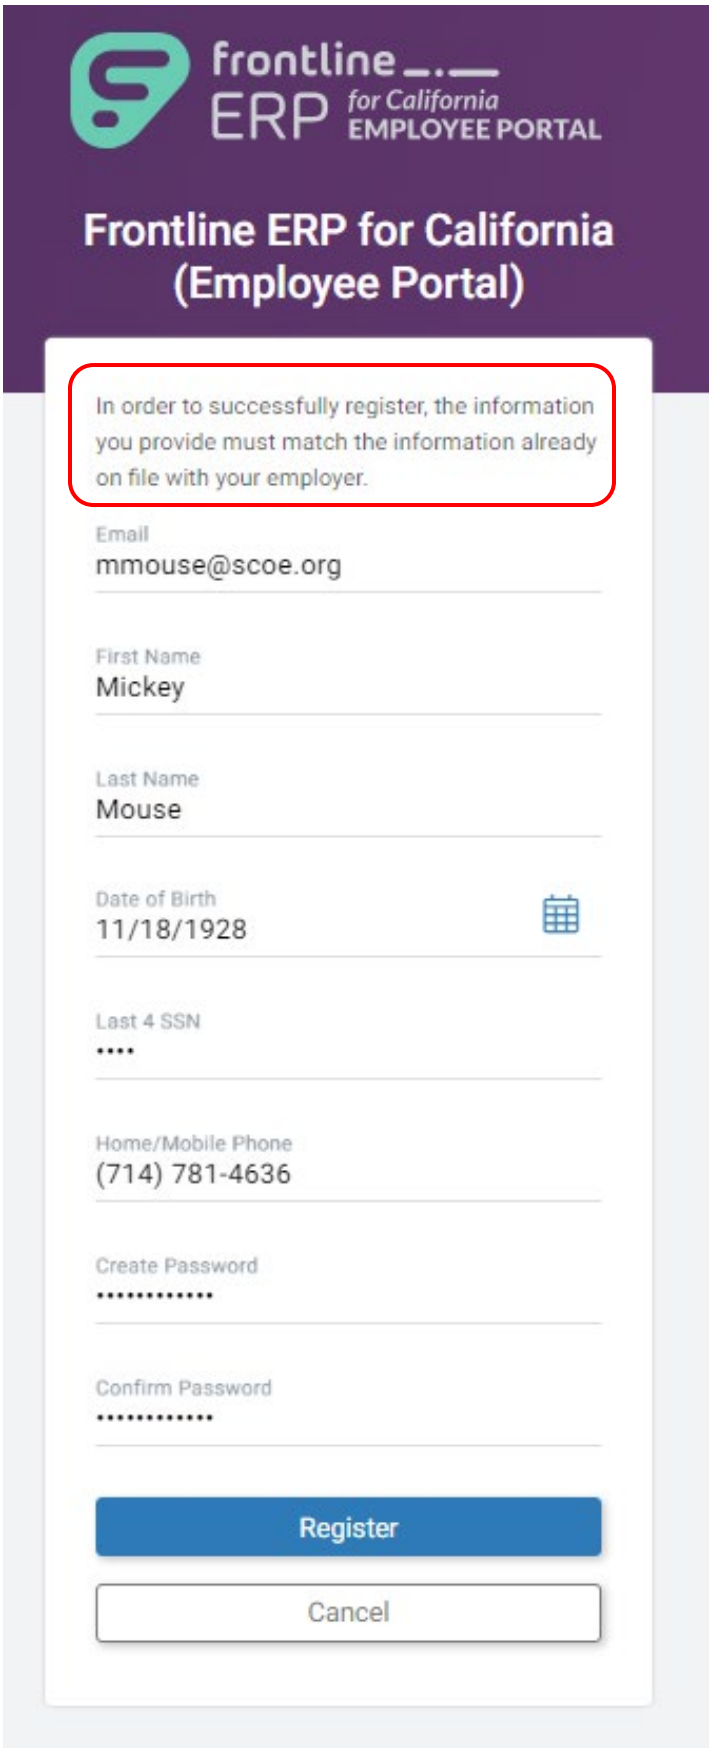
Frontline ERP for California (Employee Portal)

Employees can review pay stubs and W2's; try out tax scenarios; check leave balances; and much more.

- To get started, go to *portal.scoe.org* to create a User Profile
- Click on Create new user?



- Enter User information. Note: The user information must exactly match what is recorded in the Escape Employee Management record

- Date of birth and telephone number should include the slashes and dashes accordingly


- Passwords must be a minimum of 12 characters (numbers & special characters are not needed, but recommended)
